Practice Lessons

a) Lessons (6 lessons):

The student teacher has chosen a unit from the school subject in collaboration with both the school teacher and the faculty. They have created a lesson plan for that particular unit and delivered the lessons for a minimum of three periods, while being guided and observed by the school teacher or teacher educator.

In the Internship the student teachers completed following activities

(a) Lessons (6 lessons):

The student teacher selects a unit from the school subject in consultation with the school teacher and faculty. They prepare a lesson plan for that unit and teach it for a minimum of three periods under the guidance and observation of the school teacher or teacher educator.

(b) Plan of evaluation:

The student teacher has formulated a Unit Plan that incorporates formative assessment (for each lesson plan) and summative evaluation (a unit test upon unit completion) for the aforementioned chosen units. They have created and administered the unit test, along with crafting a blueprint, model answers, and a marking scheme for the administered test.

Student Teachers Discussing on Plan of Evaluation

(c) Study of the records maintained by the school:

This activity aims to familiarize the student teacher with the administrative facets of school life. It aids them in recognizing the necessity and importance of record-keeping and comprehending its significance in ensuring the school's seamless operation. As part of this, the student teacher composed a report concerning four selected records that are created and upheld by the school.

(d) Organization of co-curricular/extracurricular activities:

To augment their organizational and managerial skills, the student teacher actively engaged in coordinating co-curricular and extracurricular activities that were regularly scheduled throughout the internship duration at the school.
