

Nirbhay Kanya Abhiyan (निर्भय कन्या अभियान)

Introduction:

The "Nirbhay Kanya Abhiyan" is a program implemented at our college in collaboration with the Student Development Board under the umbrella of Savitribai Phule Pune University, Pune. This initiative involves the participation of several resource persons who guide students on a range of important topics. These topics include issues related to personal safety, understanding social cues, receiving lessons on self-protection, undergoing karate training, and fostering social acceptance. Additionally, the program also delves into the evolution of women's roles and positions in society, examining the past, present, and future prospects for women. Through this initiative, students are equipped with knowledge and skills that empower them to navigate various aspects of their lives confidently and securely.
